

Surface Preparation & Coating Equipment Specialists

NOTICE TO ALL SUPPLIERS AND CUSTOMERS
RE CORONAVIRUS / COVID-19

17TH March 2020

Due to the most recent Government advice to avoid all non-essential contact, and as a precaution to help keep all visitors and members of our staff safe, thus reducing the risk of the COVID-19 virus spreading, Ecco Finishing Supplies are implementing the following:

No visitors whether business or social, other than to collect goods, will be allowed on the premises and this will be with advance agreement between both parties.

All contact with representatives, for the foreseeable future **MUST** be conducted Via Phone/E-Mail.

Please note deliveries and collections will still go ahead, however, we ask all drivers to have minimum contact with staff.

For collections it would be most helpful if you could email your orders ahead, so that we can have them ready when you arrive. Please email this to your usual Ecco Finishing Supplies contact or send to sales@eccofinishingsupplies.com

Please be assured, other than limiting visitors, business is running as usual.

We have no suspected cases of COVID-19 within our staff or their families and with your help we can try and keep it that way.

We appreciate your cooperation at this time.

Thank you and stay safe

Keith Miller
